Dear Grandmaster Choi:

Congratulations on hosting the fourth annual Intercontinental Martial Arts Festival in Houston. I welcome the many special guests from around the world attending this very special event.

Houston is a city of rich cultural diversity. Asia Houston Network is a nonprofit organization created to help build positive relationships between Asian-Americans and other groups in Houston. We hope to bring together the best of East and West. We have been accomplishing this goal by offering educational and informative events, and your event continues in that tradition.

Best wishes for another successful event.

Sincerely,
